

Introducing Sea Gun™ Automatic Cleaning System

IT'S A **CLEAN** **SHOT**™

Never clean a bar gun manually again.

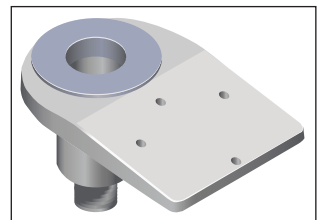

Introducing Sea Gun™ Automatic Cleaning System. The new system cleans your bar gun better than ever before. You get peace of mind assurance that your drinks taste great and your bar gun systems are clean clear through. *It's the new, easy and cost-effective way to prevent drink contamination, health risks and insect problems.*

- Automatic “off-hours” daily cleaning
- Results in unequalled caliber of cleanliness
- Purges all residues and sugars
- Safeguards accurate calibration
- Eliminates “off-taste” drink contamination
- Prevents insect infestation

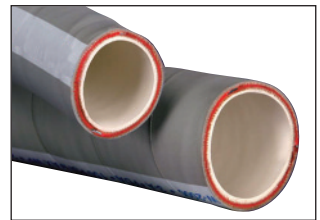

Patent-pending Sea Gun™ System Circulator delivers automatic “ready for inspection” cleaning.
